

Dr. BVR Mohan Reddy
Founder, CEO, Chairman & MD
Infotech Enterprises Ltd.

Mohan is the Founder, CEO and Chairman & M.D. of Infotech Enterprises Limited. He holds a degree in Mechanical Engineering from JNTU, Kakinada and two Masters degrees – one specializing in Industrial Engineering from IIT, Kanpur and another specializing in Management Engineering from the University of Michigan, Ann Arbor, USA.

An entrepreneur and technologist, Mohan was a part of OMC Computers in 1982 to bring high-end computing technology to India. Later in 1991, Mohan established Infotech Enterprises Ltd. Mohan is acknowledged as the pioneer of CAD/CAM in India. He has around thirty years of Engineering and Management Experience.

The success of Infotech is a testament to his vision to build a customer focused organization delivering high quality solutions.

Mohan serves as an executive council member of NASSCOM. Mohan led the engineering services forum of NASSCOM and in 2006 contributed to releasing the NASSCOM-BAH study on global engineering services opportunity for Indian companies. Besides, he is actively involved with the Confederation of Indian Industry (CII) and held important posts.

He was conferred an honorary degree of Doctor of Philosophy by Jawaharlal Nehru Technological University for his contribution to industry and society. Besides, he has also won many accolades and awards.
