

**Bryan Cruickshank**  
**Global Head, IT Advisory**  
**KPMG**

Bryan is Global Head of IT Advisory for KPMG and has a broad background in technology enabled transformation. His client experience is with major banking, life assurance and investment management groups and companies. He currently leads KPMG's services to the Royal Bank of Scotland Group's Global Business Services. With this client he won the award for best consulting engagement under the category of 'Business Strategy' at the prestigious 2010 UK Management Consultancies Association's Awards.

In his role as IT Advisory leader, Bryan is a member of the global Management Consulting function leadership team. A key accountability is to determine and execute a global capability strategy for IT Advisory, including investments, deployment model and alliances.
