

**Nirish Mathias**  
**Founder & Managing Director**  
**Technology Holdings**

Nirish co-founded Technology Holdings in 2000. He currently heads the firm's U.S. operations and leads its global healthcare practice. Nirish has over 12 years of experience in mergers and acquisitions in the outsourcing sector.

Nirish has been a thought leader in the healthcare space and has co-authored several reports on both Payer and Provider outsourcing opportunities and market trends for BPO, ITO and software vendors.

Nirish has managed several successful cross-border transactions across North America, Europe and India in BPO, ITO and software, and provided strategic advisory services to leading IT & BPO companies and investors. Nirish has successfully closed transactions with industry leaders such as Infosys, Mphasis, Genpact, iGate, Scio Inspire, Apollo Health Street, Cbay and more.
