

Padmasree Warrior
Senior Vice President, Engineering
Chief Technology Officer
Cisco

As Chief Technology Officer, Padmasree Warrior helps define Cisco's technology strategy and works closely with the senior executive team and Board of Directors to drive innovation across the company. As an evangelist for what's possible, she pushes Cisco to stretch beyond its current capabilities, not just in technology, but also in its strategic partnerships and new business models.

In her role as the as the Senior Vice President, Engineering, Warrior co-leads Cisco's Engineering organization alongside Senior Vice President, Engineering, Pankaj Patel. Together, they set the vision and strategy for the organization, as well as lead a team of 24,000 engineers to execute on the group's strategic priorities. Warrior focuses on core switching, collaboration, data center/virtualization and cloud computing, as well as architectures for business transformation.

Warrior joined Cisco in 2007. Prior to that, she was the Chief Technology Officer at Motorola.
