

Manjunath
i7 Networks

Manjunath, CEO & Co-founder of i7 Networks, a Bandwidth Analytics Company, also a serial entrepreneur, has held various positions in the software industry right from software engineer to project lead to Managing Director to Co-founder & CEO in various companies in his 20+ years of professional experience. Manju was the co-founder and CEO of S7 Software which he ran it successfully for 6 years before it got acquired by Bluecoat Systems, a California based Company, in January 2010. After the acquisition he served Bluecoat India as Managing Director / Site head and was also one of the key members in the Senior Leadership Team of Bluecoat US.

Prior to co-founding S7, Manju was responsible to get Bristol Technology, a Connecticut based company, to Bangalore and headed the unit as Managing Director for six years. Prior to this he has worked in various managerial and technical roles at Wipro, Bristol Technology US and Sonata Software. Manju is extremely good in creating and running companies and specifically in GTM strategies.

Manju continues to be an active member of NASSCOM. He is a avid sports lover, ready to jump in to play anytime be it cricket, basketball, squash or badminton.

Manju holds a Bachelor's Degree in Computer Science from UVCE Bangalore and a Master's degree in Computer science from Oregon State University.
