

Rajesh Dhuddu

**Senior Vice President – Market Development
Quattro Global Services**

Rajesh Dhuddu has 19+ years experience in Payments, Financial Technology (FinTech), Telecommunications & Business Process Management domains. He has a proven track record of creating high performing cross functional and cross-cultural teams across Sales & Marketing, Product Management, Business Planning, Corporate Strategy and Mergers & Acquisitions.

Rajesh became a member of Quattro's Corporate team in the year 2010 and currently leads Market Development initiatives for Quattro in the FinTech and Digital Payments space in India and South Asia. Under Rajesh's able leadership, Quattro has become a Globally accredited Third Party Processor by Visa and MasterCard and has been certified by National Payments Corporation of India (NPCI). Rajesh has also played a pivotal role in rapid adoption of Quattro's services by Banks, Financial Institutions and Merchant Acquirers in India on both the Issuing and Acquiring side of the business.

As an industry thought leader in the FinTech space, Rajesh has featured in several leading industry forums such as Tedx Hyderabad, CII, Convergence India , NASSCOM, CeBIT and other events pertaining to Payment, Business Process Management and Leadership. He has also been invited by top government agencies including Reserve Bank of India (RBI) as well as advised the leadership team of American Express (AMEX) about Payment Industry Landscape by 2020.

Rajesh has evangelized 'Bitcoins and Blockchains', the new-age crypto currencies, and runs a blog by the name 'Bit by Bit, block by block – My experience with Crypto Coins and Chains' on LinkedIn. He has also written several industry articles on the subject of Digital Payments and Blockchains that have been published by leading journals such as Let's Talk Payments and CIO Review (India Edition). Rajesh has been invited by UAE Government to organize a Masterclass on Blockchain at IOTx 2017 at Dubai World Trade Center. He has hands on experience in investing in crypto currencies – Bitcoin and Ether, operating Bitcoin ATMs in USA and Singapore and cryptos wallets in USA and India.

He is a visiting faculty at School of Inspired Leadership (SOIL) India and Manhattan College of Business, New York, USA.

Driven by his life motto "Help Ever, Hurt Never", Rajesh has mentored several Entrepreneurs through Fintech Startupbootcamp, NASSCOM 10K Start up Program and Joyful Frog Digital Incubator (JFDI Singapore), Corporate Executives through Everwise,

USA and MBA Students at SOIL over the years. Rajesh has helped NGOs like Esha at India, implement innovative initiatives for corpus fund enhancement.

Rajesh is an alumnus of Columbia Business School and School of Business & Accounting at Sri Sathya Sai Institute of Higher Learning and a member of NASSCOM Northern Regional Council and is involved in initiatives pertaining to Innovation and Entrepreneurship. He is the Chairman of the Special Interest Group (SIG) of NASSCOM for Blockchain and also the Co-leader of CBS Alumni Delhi Chapter.

He is an avid cyclist, holds the title of Randonneur from Paris for cycling 208+ kms in under 10 hours.
