

Rick Harshman
Managing Director (Asia Pacific and Japan)
Google Cloud

Rick Harshman is the Managing Director of Asia Pacific and Japan for Google's Cloud business. He is responsible for all sales and partnership activities across the region.

Prior to joining Google, Mr. Harshman spent more than 6 years at Amazon Web Services (AWS) in a variety of management roles. As one of the first employees appointed for AWS in Asia Pacific, Mr Harshman was part of the senior leadership team and during his tenure built and ran the India and SE Asia businesses. Prior to AWS, Mr. Harshman also held management positions at Akamai Technologies in the United States, Australia and Singapore.

A technology thought leader, Mr. Harshman has been the keynote speaker for many Tier 1 events across India and ASEAN for audiences of more than 2,000. He was a press and analyst spokesperson for AWS and has been featured in all national dailies and tech publications across ASEAN as well as interviewed on TV in India, Thailand and Singapore. He is also the Co-Chair for the ICT committee at the American Chamber of Commerce in Singapore.

An American citizen, Mr Harshman is a sports enthusiast and lives in Singapore with his wife and two children.
