

Sanjay Mohan
Chief Technology Officer,
MakeMy Trip

Sanjay serves as the Chief Technology Officer at MakeMyTrip. In this capacity, he is responsible for developing and executing Makemytrip's technology strategy and planning ongoing technology innovations. He looks after consumer facing online platform as well as the supplier and partner facing interfaces. Sanjay has extensive product leadership and management experience of over two decades in software product companies like Yahoo, IBM, Oracle and Netscape, both in the US and in India.

Sanjay has a Master's degree in Computer Science from the University of Louisiana and completed his Bachelor's degree in Engineering from the Birla Institute of Technology, Mesra. Animal welfare, arts and culture, education and environment are some of the causes Sanjay cares about. In his free time, he enjoys listening to ghazals, reading poetry, and indulging in culinary explorations with friends.
