Rahul Jain
Associate Director,
Fidelity International

Rahul has nearly 16 years of experience in the technology industry with strong exposure to development, designing, visualising and implementing large scale Digital Transformation programmes. With 13+ years of experience in Fidelity, Rahul works as the Lead Architect on Fidelity's key Strategy programme. He is responsible for architecting and delivering websites and mobile applications for Fidelity's UK End Investor and Adviser customers. His expertise includes designing scalable applications, tools and frameworks selection, DevOps adoption, technical product management and providing technology thought leadership.

Rahul is passionate about delivering business value by keeping things simple. Rahul has a Masters' degree in Computer Application and in his free time he enjoys reading (a lot!) and spending time with his family.
